THE UBC EXPERIENCE

The program you’re looking for

UBC consistently ranks among the top 40 universities and among the top 20 public institutions in the world. With 18 faculties that are comprised of 60 undergraduate and masters programs, 52,721 students call the UBC Vancouver campus home, including 12,117 international students from 139 countries.

In addition to its standing as one of the top research-intensive universities in the world, UBC also prides itself on maintaining a vibrant learning environment that features numerous experiential learning opportunities and a 15-1 student-teacher ratio.

The place you want to be

Surrounded by the forested trails of Pacific Spirit Regional Park and sandy beaches of the Pacific Ocean, UBC’s Vancouver campus finds itself nestled in the city’s Point Grey neighbourhood. The United Nations has ranked Vancouver as one of top three cities in the world in which to live for the past decade. Vancouver is renowned for pristine natural surroundings of mountain and sea, year-round mild temperatures, and culturally diverse communities.

THE THUNDERBIRDS EXPERIENCE

Canada’s most decorated athletics program

The UBC Thunderbirds varsity program consists of 25 teams in 13 sports, with affiliations in two inter-university leagues. Historically, UBC boasts the most successful program in U SPORTS, as Thunderbird teams have won over 100 U SPORTS national championships to date and nine in the US-based National Association of Intercollegiate Athletics (NAIA). UBC has also produced countless international competitors and medalists, including 231 Olympians, and hundreds of student-athletes who have been drafted into professional leagues around the world.

Academic and financial supports

The UBC Thunderbirds program employs full-time staff to aid student-athletes in their academic pursuits. An emphasis is placed on the transition of first-year students, for whom one-on-one tutoring and guaranteed housing is offered.

Priority course registration is made available for student-athletes in most faculties. Financial support is provided in the form of athletic scholarships and alumni-supported awards for leadership and academics, as well as a work-study program.

Integrated sport science

To optimize individual and team performance, student-athletes have access to state-of-the-art facilities, technology, hydrotherapy recovery rooms, and massage therapy. They are also supported by experts in exercise physiology, dietetics, and sport psychology. In addition, UBC’s strength and conditioning coaches tailor individual and sport-specific training regimens for student-athletes in the 4,000-square-foot Smith and Laycoe Varsity Weight Room.

Athlete health is a key priority at UBC, with three full-time therapists and strong partnerships with the UBC Student Health and Allan McGavin Sports Medicine Centre all dedicated to keeping athletes in top form, mentally and physically.
THE UBC WOMEN’S VOLLEYBALL ADVANTAGE

Program success
• 11 U SPORTS national championships including a record six-in-a-row from 2008-2013, and most recent win in 2017
• 13 Canada West titles
• 24 U SPORTS tournament appearances, 14 U SPORTS finals appearances
• Consistently high number of Academic All-Canadians (exceptional student-athletes with an academic standing of 80% or better while playing on a varsity team)
• 2 BLG Award winners (U SPORTS female athlete of the year)
• 5 Canada West female athletes of the year

Full-time coaching excellence
Head Coach Doug Reimer:
• Former head coach of Canada’s women’s national team
• 5-time U SPORTS Coach of the Year
• BC and Manitoba High Performance Coach of the Year
Assistant Coaches Beathen Thomas and Dan Huzar

Women’s national team program integration
• UBC programming and athlete preparation are integrated with FISU and senior women’s national A and B teams’ priorities and focus
• New host site of women’s national team at BC’s Richmond Olympic Oval
• Most athletes placed on a national team from any program in North America in the last decade

High performance training enhancements
• Team and individual access to sport psychologist, nutritionist, and physiologist
• Priority access to comprehensive physiotherapy, massage and sport medicine support
• Team and individual video performance analysis
• Customized, full-time, strength and conditioning support in our varsity-athlete training center
BECOMING A THUNDERBIRD

1. GOTHUNDERBIRDS.CA/RECRUIT
   - Thunderbirds recruitment information
   - Prospective Student Athlete Form

2. Ensure that UBC is the right academic and career choice for you. Investigate:
   - Programs offered
   - Academic prerequisites
   - Application deadlines

3. Compile your academic and athletic profiles
   - Academic transcripts
   - Playing history including participation in national, provincial and regional programs
   - Participation in other high performance sports
   - Coach recommendations
   - Highlight videos
   - Recent results

4. Make contact with head coach
   - Make your intentions known
   - Discuss your options
   - Have your questions answered

5. Apply to UBC before the deadlines in your preferred faculty
